**What makes Cocktail Flatbread a new category?—**

- They're not a cracker—**Cocktail Flatbread** is soft and pliable, so you can create an appetizer that can be warmed or baked in the oven!
- They're not a little bun—They're absorbent like a bun, but they have less bulk. That makes them perfect for bite-sized burgers or pulled pork mini-sandwiches that aren't overwhelmed by the bread and don't drip.
- **Cocktail Flatbread** is a new and versatile product that makes culinary creativity easy and quick.
- Our decorative sales display will help attract consumers with its strong visual impact and maintain a neat and tidy appearance to the product on display.
